

Bogdan Bulakh

Frontend Developer Intern

EXPERIENCE

Open Source Developer

GitHub

Dec 2022 - Present, Remote

Creation of Open Source projects in frontend development.

Head of Educational Content

Skysmart (Skyeng)

Apr 2022 - Jun 2022 - 3 months, Remote

My work included responsibilities for quality control of educational content, leading a team of curriculum specialists, and ensuring the quality of courses, as well as evaluating the effectiveness of educational programs.

Lead Project Manager

Digital Banana

May 2019 - Mar 2023 - 4 years, Saint-Petersburg

Digital Banana - a project with programming courses for teenagers. I held the position of project manager. My responsibilities included team management, course launch, creating landing pages, working with a designer, and conducting advertising campaigns.

Lead Project Manager

Digital Jungle

June 2019 - Sep 2023 - 3 years, Saint-Petersburg

I had a key role in organizing a large-scale career festival for students in the IT and Digital field. My responsibilities included developing the entire event plan and being involved in every stage of the organization process - from creating the website and finding speakers to promoting and conducting the festival itself.
